My dear Mr. Tumulty:

Please do not forget to arrange with the President about addressing the National Council of the Boy Scouts of America in the East Room of the White House, some afternoon near the end of the week beginning February eighth. Must have this information to-day, or we will be compelled to make other arrangements, which would be most unfortunate.

How did you like the editorial in the "POST" this morning?

Yours very truly

*Chas. H. Jones*
