# AL CAPONE ENTERS PLEA OF GUILTY

## ABOUT THIS AND THAT.....

Some of the clients of this column may be wondering why we should say the client of this column—commented yesterday because we don't have it in, so we have to say something today whether we are a subject or not.

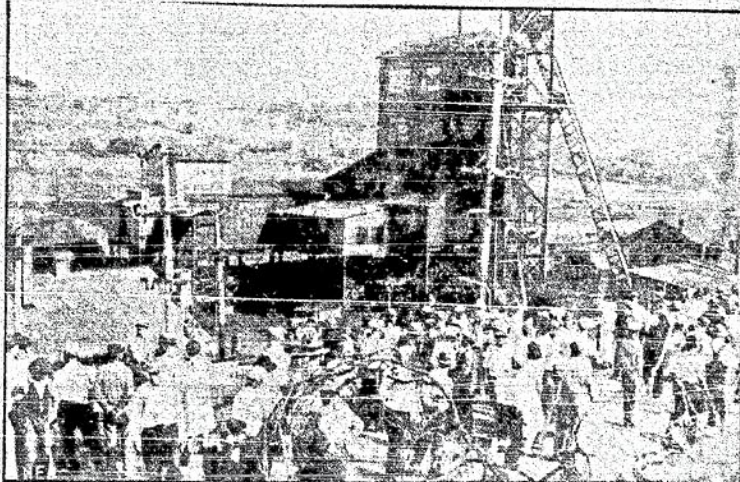

Interest in the coming Schmeling-King fight seems to be like warm hereabouts. In fact it seems to be almost cold.

Personally we usually get all our news bothered over the outcome of a championship fight and then to wag our tongues weekly and on the outcome, only to find out at the last minute and wish we hadn't when it is all over but the post mortem. For fear we can't seem to get over it. Once or twice we have thrown the subject into a magazine just to see what would happen and it always fell out as a bride's first cake. We haven't gotten a rise out of anything yet. And to tell the truth we can't remember the exact date of the place. It seems that it is to be sometime this summer and where in the United States, but that is about all we know.

Just mention golf around here and you have started a conversation, just as mention of football does in all parts of the country. Probably the reason for this is that Ranger has just held its first annual invitation tournament and Phillips was runner up at the event. Then he went down to Perry Country club tourney and took off the honors there.

Now Ranger is ruling the roost in the Oil Belt Golf association with a percentage of 715 and by two defeats and five wins. The rest of the clubs are left up over second and third place, leaving Ranger in a class by itself.

## Strikers Urge Workers To Join Them

Defying machine-guns and heavily-armed company guards, strikers in Ohio, Tuesday, urged workers to join them as they staged a demonstration at the New Lafferty mine, St. Clairsville, O., Monday to men who remained on the job to quit work and join them. It was at this mine that a number of men were arrested during disorders, after which 2000 men and women stormed the local jail in a wild riot in an effort to effect their release. Rival unions are battling for control of the field in this unusual labor war.

## FIRST OF WHEAT CROP SOLD TODAY

The first wheat of the 1931 crop to reach the Ranger markets was delivered today by Leslie Hagaman and was sold to the Graham M. H. & Elevator company.

Mr. Hagaman's crop produced 20 bushels of first class wheat to the acre and sold here for 50 cents a bushel. This price is a little above the average given for early wheat in other localities where prices ranging from 40 to 50 cents were reported. The majority of the prices quoted were about 45 cents.

The wheat crop is reported to be extra good this year and many merchants are expected to be busy within the next few days.

## Ohio Girl Found Slain in Quarry

The body of Thelma Woods, 17, right, was seriously missing since Memorial Day eve, when she went riding with a boy acquaintance, was found in the debris at the bottom of this abandoned stone quarry pool at Lima, O., as it was emptied by pumps 12 days after they vanished. The girl's hands and feet were washed together last Tuesday, 23, five days after the fatal ride, was still missing and searchers believed he was also slain.

## City Managers Elect Officers

By United Press.  
LITBROCK, June 15.—S. H. King-ton, Sherman, city manager, was chosen president of the City Managers' Association of Texas here today.

Other officers elected were H. J. Graetz, Marshall, first vice president; City Manager Bethwell of Sweetwater, second vice president; Harvey W. Draper, Houston, executive secretary of the League of Texas Municipalities; was also elected secretary of the city managers' association.
